

## ***AIA/CES Registered Provider Presentation Summary***

Provider: McKeon Door Company  
Provider Number: J497  
Program Name: Opening Doors to Design Opportunities with the Model Building Codes  
Program Number: Code 10  
Length: 1 Hour  
Credits: One  
SD/HSW Credit: **Yes**

Description: The program covers the many aspects of Fire and Life Safety Code Requirements and how those Code Requirements affect egress and building design.

Learning Objectives: By the end of this program, the participants will be able to:

- Differentiate between fire walls and fire barriers
- Understand the regulatory standards governing the use and application of opening protectives
- Learn the fundamental Code requirements that drive the placement of fire wall and fire barriers and their opening protectives
- Analyze the correlation between Life Safety, product application and open design

Instruction Method: The program is a PowerPoint presentation with handouts.

A/V Needs: Electrical power access and a screen or wall.

Target Audience: Architects, Specifiers, and Design Professionals

Facilitator Qualifications: Doug Zachary is a registered McKeon AIA/CES provider.

Cost: There is no charge to bring this program into a firm.
