

Provider: **Modernfold**

Length: **1 Hour**

AIA Course Number: **IMOD08D**

Credits: **1 AIA HSW CE Hour**

Course Title: **Through the Looking Glass: Moveable Glass Partition Systems**

Description

One of the best ways to craft unique and welcoming environments is by adding openness and natural light to a space. Join us in this one-hour course as we discuss utilizing glass operable walls to facilitate natural light and views in a variety of applications to meet the diverse needs of different markets. By the end of this presentation, you will be able to identify features and benefits of glass operable wall systems, especially increased social and emotional well-being for occupants and increased sustainability.

Learning Objectives

By completing this course, the design professional will be able to:

1. Identify the need for natural light and views in the workspace, describing their ability to improve the emotional and social health of occupants
2. Compare and contrast glass operable wall systems, especially in their ability to contribute to LEED category credits
3. Discuss the characteristics and benefits of glass operable walls, especially suspension systems that ensure occupants and operators are kept from physical harm
4. Illustrate how glass operable walls can be used in a variety of applications to meet the diverse needs of different markets

Method of Delivery

The course is offered to design professionals in a lunch and learn classroom setting. The course is presented in PowerPoint.

Cost to Participants

The course is sponsored by the manufacturer and is therefore offered to designers at no cost.
